

## I ONLY CRY FOR YOU

I only cry for you sweetheart, especially when  
the truth of our separation is made plain.  
When you tell me, "You're a good dad," my heart  
breaks for all you've missed.  
When you tell me, "I'm closer to you than anyone else,"  
I feel so desperately inadequate it physically hurts.  
When you tell me, "I only really listen to you," the depth  
of all you've suffered comes clear.  
There is no way I can ever make up for all you've lost,  
and it is that that makes me cry.
