"Hello Jamie,

Glad you liked my artwork.

Yeah crimes of violence in particular scare people, myself included. There's lots of different motivations for people to act violently — greed, lust, anger, fear, envy, — my motivation was fear. I was paranoid, and I protected myself from an imaginary danger. In the process I ruined my life and other people's lives too.

Its too bad my written and visual art don't sell for meaningful amounts of money. I would gladly offer restitution if money came in. I've done dirty to alot of people, and I'm scared of whats waiting for me on the other side of death's door. I don't want to go to Hell. My prayers (repetitive) ask for the ways and means to make amends to a multitude of people I have caused loss and injury to.

I might stay in prison till I die. I don't want to, but whatever Allah wrote for me is what I've got. It would be big blessings to reconcile with a lot of people I have hurt. Nothing says your'e sorry like a medium-sized pile of money.

Whatchoo studying?

James
