

Hey out there!

6 November 16

Setting the clocks back one hour today inspires me to write about

Lost Time

It is almost prophetic, regarding the condition of (c-e) Mankind, who mostly see this event as an opportunity to sleep-in an extra hour. How in your world is "Lost Time" equated to an extra hour? Lost time is just that; LOST!

Care to imagine all live lost — in the lost time these past 20 years in Purgatory? Dare listen to METALLICA 'ONE', when you feel like you've lost... an opportunity to sleep-in!

Think of me when you feel like you can't bear "it" out there any longer. Whatever "it" may be... "it" is far better than the nothing-ness I can't bear in here!

I wonder — what will your life look like in retrospect? Will you say that you'd missed opportunities to sleep-in... or opportunities to LIVE, and CONTRIBUTE to LIFE?

In here; Some dope-fiend prickler, commenting upon my stoical gaze the other day, asked me if I ever experience 'JOY' any more... looking for buttons he has been unable to discover apparently — in his lame attempt to 'control' situations in his favor. "Sure I do", you bestial idiot! I said, chuckling under my breath — since I've become such a mystery to him. "If your definition of 'JOY' is: to experience great pleasure or delight.

1: the emotion evoked by well-being, success or good fortune or by the prospect of possessing what one desires. 2: a state of happiness."

Which then of course permitted me to relate a story about researching where "HAPPINESS" is located on the scale of emotion — where I discovered Happiness itself is not an emotion per se. It is rather a word which states a condition, and the anatomy of that condition relies on INTEREST... wherein exists PROBLEMS, with the corresponding Freedoms verses Barriers of PURPOSES (aka: The Game).

It's a real wonder, isn't it? We fabricate some sort of Purpose, just to HAVE a part to play in the game of Life — even if it causes us all sorts of frustrating hell (barriers).

And we relish the Happy Misery of being occupied with something to DO+BE+HAVE.

Listen carefully, I said as I reeled-in his drug-addled soul: the condition of BEING is defined by your assumption of — some category of identity. The condition of DOING — via action, function, accomplishment, the attainment of goals, the fulfilling of purpose, or any change of position in space! And the third condition, HAVINGNESS; owning, possessing, being capable of commanding, positioning, taking charge of objects, energies or spaces.

These three conditions are interrelated, and given in the order of seniority, where Life is concerned, Tyro! You're failing to consider our assumed category of identity — correctly. You can't HAVE what you don't understand!

Here in Purgatory, where the Purpose of Chameleon Parasites are very evident ... my 'JOY' is in applying the pedantry which overwhelms low-tone symbionts. And occasionally the ostensible "Professional" (SP) Charlatan, as well! This is my Game; culling out the culling parasites, and leaving them with a mystery to admire and/or dread. This is my JOY! The overcoming of not unknowable obstacles toward a known goal. FIAT LUX! Let the dead bury the dead, Jesus said (Matt 8:22). Alas, prudence decrees we grant the mediocre their mediocrity!

There is a certain pleasure in identifying the degree of aptitude Aspirants display though. And then providing the catalyst they need... but the real 'JOY' is in WINNING, in my personal struggles to make things go right - TO BE Victorious... where I WILL to ascend!

I DO! Even with two consecutive 25yrs to Life sentences, Life is still merely a game ~ with its Freedoms, Barriers and Purposes. Ever on the prowl to engage in some activity in order to maintain Interest in Living "it". TO BE ... CAUSE of EFFECTS. The anatomy of Happiness - is all in the degree of INTEREST then, isn't it? The Interest in playing a game. And the bigger the ordeals - the grander we BE! Very interesting: BEING... seems to be simply a viewpoint DOING... merely creating effects HAVING... the result.

We are The CREATOR* wherever our INTEREST is*, don't you see.

Before the beginning was a CAUSE and the entire Purpose of the CAUSE was the CREATION OF EFFECT.

In the beginning and forever so the DECISION and the DECISION is TO BE.

Ergo; BE Blessed, in every way! Your viewpoint is your decision, every day!
For the Love of Truth.
Will I Am

PS -

Having succeeded in arousing the interest of Scientology Officials to take more responsibility in providing opportunities to ward Rehabilitation inside Prisons, I've once again decided to develop my aesthetic ability. In tribute to Between The Bars for this venue of Self-expression, it is appropriate I present my first Pastel piece titled: *Noosphere Bypass*, with much Love and Gratitude. W
