

THOUGH I'M BEHIND BARS.

Did you know though, im behind bars that i'm not as vicious and mean as some portray me, A Prisoner. Deserving to be locked away, ruthless and just a menace to society. by some even the very scum of the earth! Do i need to go on???

but, did you know though I'm behind bars I'm none of the above; I'm the first person who would go out of his way to open the door for another. and though i'm behind bars i still have compassion, empathy, sympathy and love for others I console fellow prisoners in times of sorrow; lend an ear to those who need to talk even officers. though i'm behind bars i'm respected and treated better then most, but it's all been earned over time.

though i'm behind bars i still feel...
Loneliness, and how it feels to be abandoned, that i can still tear up at times because i care.

though i'm behind bars i'm very smart and one of the highest I.Q's in the system, i have one of the best jobs obtainable, i'm trusted and relyed on and a likable person.

though i'm behind bars and it's said we are well taken care of. Because i have no family and get no money that i go to bed hungry, or that when i see others recieve items sent from family and friends it's hard not to get depressed seeing them recieve tons of mail and i get passed by it's hard not to feel un loved!!!

though i'm behind bars i still try my very best to hold my head high and be the very best at anything i do. i still hold onto humanity, and respect for others and my dignaty.

Does this paint a different picture of me?

Not every prisoner is what we are painted to be. Dont let the system fool you! we are not all that bad as we are made out to be.

though i'm behind bars i havent given up, i still reach out to you!
