Thank you for your "1/6" "all the best", acknowledging my noosphere artwork/contributions. So much has happened since then. I'm almost overwhelmed with all the unknowns now. For instance, the unexpected prospect of an early release from my consecutive 25 yrs-to-life prison terms, after 20 years of hopelessness, is the most exciting challenge to cross my path in a good long while. A challenge most welcome!

Now I'd like to propose some personal ambitions I have perking up plans of reprise to consider. Having generated interest in the Scientology Prison Outreach - Study Group¹ I've initiated these past few years in here, trying to stay sane in a psychotic environment, I continue to maintain our chapel space permitting class once a week to a handfull of students who are currently beginning a new cycle of the POW² course. Apparently it takes some Doing to spur Fabian Generals to dispatch the Volunteer Ministers required to assume responsibility for this salvage campaign through-out the world's penal colonies. This is merely a simple matter left for me to help Scrist recognize the intrinsic value lying in the personas of PTS³ felons who've dared resist society's **Suppressive Paradigm**. That is all it is.

That done, I'm percolating plans for my S.O.U.L.⁴ Clinic/Field Auditor type of interviews I intend to post here on future blogs. I expect these posted interviews will generate a good amount of interest out there in cyber-space, if the interest in here is any indication ~ following my recent survey, equating the exponential growth of prison populations these past few decades are defacto of similar magnitude as the other holocausts in Europe, last century. Presenting this opportunity to help others inspect their point of view, and see what they say about this modern-day holocaust of wayward souls exiled to penal colonies, is very welcomed by everyone I speak to about my plan to post these interviews on my blog site **Between the Bars**. Of course some express reservations about maintaining their anonymity, but they too have their point of view to share.

In any case, this S.O.U.L. Clinic **HAVINGNESS** Process is a consensual interview intended to be posted here on my blog site. Each interviewee agrees to the **INDEMNITY-CLAUSE** that exempts BtB from all responsibility, liability or obligation with regard to posting said interviews, their use or misuse in anyway whatsoever by any entity, including but not limited to BtB itself, per License Agreement with W.G.

Recently, I've secretly received the attached HEARING QUESTIONS for me to study and prepare for my eventual HAVINGNESS examination. This is the thing which prompted me to conduct interviews ~ as I myself felt shocked at the prospect of exposing points of view I've not considered in decades. Whoopee! On 2/15 I'm over the hill at 54 yrs, and it's still thrilling. Whoop-whoop!

Naturally, I'll be the first interview posted in the near future, so stay tuned and ... let's see who we BE, by what we DO, in examining our HAVINGNESS. Let's call this exercise the LAZARUS PROJECT. What do you think?
All comments and/or questions are welcome. The wrong thing to do is nothing!

Footnotes:

- ① SPO - Study Group: A study group is made up of several individuals who are looking for answers to improve conditions in their lives. By using basic LRM books, key data can be studied that will provide further insight and understanding into the problems of life. Then the group works out how to use these basic data to address the problem areas which results in increased survival for all involved, (see attached SPO - Strategic Administrative Scale).
- ② POW: "Problems Of Work", is a Personal Efficiency Course which provides not only the tools to bring stability to the workplace, but life changing processes that return happiness and success to all areas of life. (see attached Personal Efficiency Course Overview).
- ③ Scn-ist: "Scientologists" - to help Scientologists recognize the intrinsic value lying in PTS: "Potential Trouble Source" (somebody who is connected with an SP, who is invalidating him, his benignness, his life).
- ④ S.O.U.L. Clinic: Science Of Understanding Life, via Examination to clear up misunderstands.

Stay tuned for
