Letter for Camille

20 Aug. 2018

Camille, I tried to mail this, but it was returned for insufficient postage. I'll explain later. Sorry it's late & not private X

Dear Camille,

Again, je suis desolé pour ne écrire pas en français, mais... I don't have time tradure. (How's that for some off-the-cuff French?! I'm actually learning, as that's all right out of my head, not from looking up French words & usage.)

Anyhoo, thanks for your letter, explanation of facebook & printouts of my profile & page.

1) First, what is most important is you pimping the Whitey-Bulger essay. Having studied publishing, I know its value, and I'd like to see you get some \$ for your help & then also to set up my own bank account (linked by J-Pay to my facebook page or profile...). So, I urge you to send the query letter for the essay to Playboy.com (& other publishers of hard, gritty news, maybe Hustler, or a French publisher), let them say if they want it & what they'll pay - accept nothing less than 1,000 U.S. \$.

Sounds like you're a virgin at publishing, and being an agent. Not any more! 😊

Trust me, the media will crave that essay - Whitey refused to see Johnny Depp when Depp tried to meet Whitey (at the prison I was in w/ Whitey) so Depp could do a good job of portraying Whitey. So, Whitey is a recluse & the media & public get unavailable info from my essay, along w/ a view of the dirty, violent world of U.S. federal penitentiaries.

So, play hardball. I'll rewrite it, if they wish. But it'll sell.

2) At your leisure you can translate my poetry books - I have a third, my best yet, I'll mail you "soon" to keep & e-publish when you wish. Promise you'll love it! 😊 Vol. 1 of Em Doer, certainly, until I get the revised version sent to you (working on that!), there's no hurry in translating it - the revisions aren't massive, but they are important.

3) About my facebook stuff: I won't miss the photos, so long as they're preserved on my page. Keep 'em or chuck 'em. I did figure they'd interest Europeans, the ones about Montana, as Europeans settled there and Europeans can see an actual wagon that was

reconstructed into a barn. And the American Indians there, Lakotas/Sioux, were some displeased mean s.o.b.s!

When you can, go to my blog & get the related photos I posted April 2013 & please put those too on my facebook profile & instagram - you'll see that my step-dad was part Sioux, noticeable in facial structure. my granny & step dad in the photos are dead. will facebook let me post the photos, as I'm their kin? Instagram then it not.

Again, I respect your judgement about the need for a profile and page. Thanks for explaining the dynamics.

Some additions I hope you'll make to my facebook page & profile include

Page

1. go to my blog, get the version of my self-portrait that is posted on 30 June 2018 (it's the best version) & use that as my main photo (your choice of background photo is brilliant! 😊)
2. do a J-Pay link to your account, noting what I said on pg. two of my 12 Aug. letter. Already explained.
3. grab from my blog my Feb. 2018 drawing of Pence & Trump & put it up - please, please, please send it to Donald Trump, Hillary Clinton, Daniel Tosh & Katy Perry - if they comment on it, it'll blow up my page.

Profile

- my birth year is 1975, not 1997 😊 Please correct Do #1, 2 & 3, above, on profile too.

1. Under "Religious views," put: Secular Buddhist, Humanist
2. "Political Views," put: I love Trump - he shows us all that is wrong with our political system: proudly ignorant rich are enslaving us, destroying the planet, manipulating idiots into supporting them. Our prison system is a crime against humanity.
3. Under quotes/citations, you misspelled "voices" in the first quote - it should say "vice," meaning "evil"
4. Under about me, delete "It is largely meant to direct you to" - replace ^{that} with "check out" & then ^{leave} the rest. Then go on to say "Nate's 6'5," has a full-scale I.Q. of 144 and a irrepressible sense of humor ("Gret Fuzzy," by Darby Conley is his fav' comic strip). He's looking for a sugar Momma to bust him out & hide him in her basement.

"He's good with kids, women, animals & crazy people too, and would love to connect with people willing to help him

publish/sell his art, poetry, songs, stories, essays.

"You can help Nate by ordering him up to 25 stamped envelopes at a time from JLMarcusWisconsin.com (Nate can't buy his own, due to debts from suing about prison conditions.) And anyone can write him at

Nate A. Lindell #303724

WSPF P.O. Box 1000

1101 Morrison Drive

Boscobel, WI 53805-1000

U.S.A.

"Nate is a published poet, artist (drawings), essayist and renowned civil-rights litigator."

5. In the appropriate section ("Publications"? "Journal"? - you'd know better than moi), note that an auto-biographical essay of mine was published in Parental Incarceration, Routledge (2016).

6. Also, in ^{the} appropriate section, note that for a donation (either to the J-Pay link to your account or to my account on ~~prisonmates~~ prisoninmates.com/profile/NateLindell303724) of \$150, I will do a portrait like the one of mine in my main photo for someone, but I only do two such portraits a year, as they take a long time to do. Interested parties must write me for details.

7. Look up my brother, Thomas Lindell's, facebook page & ask him if he's okay with you posting that pic of him with his son. Probably he'll say no, but, no harm in asking. He's a conservative anus, still, he's my brother.

8. Please go to, grab Vol. 2 of Em Daer, remove/delete my old & wrong addresses from the cover, make it look pretty & post it as a PDF in the appropriate area of my page & profile.

9. Also from, grab the photo of me kneeling, with a straw hat, post on my page & profile, with the caption, "This was taken in 2014, at Coleman 2 U.S.P., a month or two after I went on the yard. Disregard the swastika tattoo - I'm no fascist nor racially hateful. I shaved my chest, for the girls (who else?)! 😊) - normally I look like I'm wearing a wolverine pelt on my chest!"

10. Also from my prisoninmates page, grab the two collages, titled "The Wisconsin Dept. of Deceptions" and "Prison Is Carcinogenic" - post in appropriate areas of page & profile.

11. I didn't see anything for the "Contact Info", "Relationship Status", "Family", "Work & Education" - did you fill in those areas w/ the info I put in my long yellow sheet?

Well, that's it. Don't want to overwhelm you.

Do, though, look up & send friend requests - so they know of & may follow my page/profile - these peeps:

Lawrence Krauss - a scientist (please like his book, A Universe From Nothing) in Arizona,
Wendy Steele - founder of Impact 100 Council, in Wisconsin
Esmé Wren - a BBC producer, or such

if these celebrities like any of my stuff, my page will blow up & I might get serious help! Lawyer, etc

No worries about your printouts being crappy. Remember, I owe you 2.5\$/hr. for this stuff. Comes outta my 1/2 of any \$ from the Whitey Bulger essay.

For now, please just preserve the material that Joan e-mailed me/you. Read it, if you wish. We'll discuss it later.

Finally, enclosed is a short story I did. Tell me what ya think? (I think it's stick, touching) Then please scan & post on my f & LOI pages - ought to get some attention/likes.
