It may be hard for me to get the justice I surey deserve for this suit (18-cv-2027, E.D. Wis. U.S. Dist. Ct.---www.wied.uscourts.gov; www.pacer.gov--to look it up), for reasons explained in a motion for a protective order pending in the court, also explained in an accompanying post. After a Sgt. here accused me of having a razor to put me in seg, THE WHOLE FILE FOR THIS CASE IS GONE, so is the law book & supplies I needed & was using to litigate the case. Audaciously, A.A.G. Samuel Berg replied to my motion that I should file another lawsuit, but my motion should be denied!(My judge is pretty fair & that argument is nuts--what if they take the file for the other suit too?!--but...?)

We'll see what happens. PLEASE, people, contact Judge Lynn Adelman^- & urge him to fairly resolve my motion so I can get the justicel deserve in tis case.

THANK YOU!
