.. " UPDATE DAY 17 OF THE HUNGER STRIKE"
OVER FIRST AMENDMENT RETALIATION

Well today is Tuesday October 19,2021 day 17 of this hunger strike. I'm not feeling to bad but I'm freezing cold all the time. And that's not normal for me. I know this is going to continue for quite a while. I don't feel I'm asking for too much. I'm asking that Secretary Inch view the DR appeal grievances # 2107-213-154 and the appeal to his office

#21-6-24106 where Secretary Inch's representative W. Millette ignores all the facts. And only addresses one issue in grievance and even that's improperly dressed.

" Your administrative appeal has been reviewed and evaluated. The response you received at the institutional level has been reviewed and is found to approximately address the concerns that you raised at the institutional level as well as the Central Office level.

Chapter 33 does not prohibit a DR hearing team member from responding to a grievance related to the DR."

Your administrative appeal is denied.

signed by W. Millette 8/25/21

Well saying my DR chairman can review his own results goes against

33-601.306(1) A person SHALL NOT serve as the hearing officer or as a member of the disciplinary team, or participate in the deliberations when they are:

(a) A witness or person who wrote the charge.

(b) The investigating officer. or

(c) THE PERSON CHARGED WITH REVIEW OF THE RESULTS OF THE DISCIPLINARY HEARING.

Well Mr Charles S. Minta is the DR chairman and now reviewing the grievance against him and his erroneous decision and findings. And as we see here in 33-601.306 (1)(c) The person charged with reviewing the results of the disciplinary hearing can't be the person who rendered the results. So its unequivocal that Secretary Inch's representative gave an incorrect rendering. Well there's no telling how much longer this is going to go on. But I'm going to fight this injustice as long as I can. Other than some dizziness. My stomach burning and freezing all the time I seem to be good. So far I've dropped over 30 pounds and all my other vitals have been normal. What damage I'm doing to the organs I can't say. Only time will tell. Feel free to share this update with the legislature and others. One things for certain, we need change. Thank you for your time. Take care and God bless you all.

In peace and love Ronnie
